

FRACTURE COLLECTION

The Fracture Collection is a striking blend of contemporary design and masterful craftsmanship. Available as a bar cabinet, buffet, or nightstand, each piece in this collection embodies a perfect balance of form and function.

Inspired by the concept of fractured geometry, the cabinet features a distinctive façade with intersecting lines and shapes, crafted from walnut or bleached ash and accented with brushed brass inlays. This unique pattern creates a dynamic visual effect, lending an element of modern artistry to any interior. The sleek, minimalist silhouette of the Fracture Cabinet ensures it seamlessly fits within a variety of design aesthetics, while providing practical storage solutions.

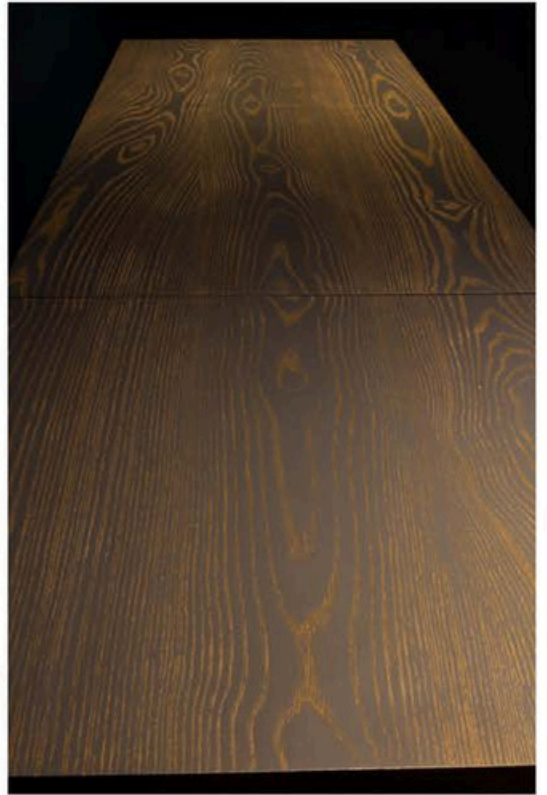

Further elevate this piece with the addition of our brass cerusing, and this cabinet truly becomes other-worldly.

With its timeless style and functional design, the Fracture Cabinet Collection is more than just furniture—it's a statement piece that transforms and elevates any space
