WATERLINE

COCKTAIL TABLE/STOOL/OBJECT D'ART

Inspired by the water rings that form on the surfaces of boulders in alpine lakes, the Waterline Cocktail Table captures the essence of natural beauty and craftsmanship. Each table base is meticulously hand-sculpted from urban hardwood, carefully shaped to accentuate the wood's inherent grain patterns and unique character.

These versatile pieces serve as stunning cocktail table bases, accent tables, stools, or functional art. The Waterline table bases are designed to be as distinctive as the natural formations they emulate, making each one a true work of art.
